Make Your Gift Smarter

What's CoolPop

CoolPop, the name originated from the words "Cool" and "Pop", implies that we strive to be the leading brilliant brand of Smart Connected Gifts by revealing the spirit of innovation and technology.

CoolPop is the SmarThings of "Internet of Things", connecting the real world with digital content. We apply NFC technology and transforming the way we interact with things. The potential for using NFC is literally unlimited. We can help you apply NFC to Access Control, Brand Protection, Coupons, Identity, Marketing Campaigns, Mobile Payment, Point of sale, Ticketing and more. Nowadays, the business landscape has changed, "online-to-offline or offline-to-online", known as O2O is already a major trend. CoolPop builds innovative NFC GIFTS to interact with customers will secure a competitive edge.

SmarThings™

Connected Gifts & Solutions

CoolPop's SmarThings connect you and world. It delivers various smart digital contents eg. Facebook, Coupon, Youtube, Website, Map, Video, Vcard, Authentication etc.. Share a message with someone you love, share information, submit payments, market your brand, or authenticate your security information. The possibilities are endless. SmarThings can aid in marketing promotions by tapping the badge to an NFC-enabled phone.
